

Honey

G **Am**
Let me love you and let me take my time
Am **G**
Honey you've been on my mind
G **Am**
I'm calling out against my will
Am **G**
Honey I need to know if you want me still

Em
Cause you're breaking my heart
C
You're draining my soul
G **D**
Maybe you just want control
Am
I'm thinking bout holdin ya
C
Im thinking bout how
G
I'm down on my knees again
D
I'm begging you now

C | G | D
Honey won't you give my heart a break
Honey don't you make the same mistake
Honey I know you
want to pack your things and go
Honey don't you give my heart away

G **Am**
Moving from New York to New Orleans
Am **G**
Honey I want you come with me
G **Am**
I hear you loud now in my dreams
Am **G**
Honey you're part of the harmony

Em
I was your man
C
And you were my muse
G **D**
Maybe I'm just confused
Em
Cause you're running all the way
C
Running all the way
G **D**
One day you'll stop so I can say

C | G | D
Honey won't you give my heart a break
Honey don't you make the same mistake
Honey I know you
want to pack your things and go
Honey don't you give my heart away

Am
Honey won't you give my heart
Em
Honey won't you give my heart
D
Honey won't you give my heart a break

C | G | D
Honey won't you give my heart a break
Honey don't you make the same mistake
Honey I know you
want to pack your things and go
Honey don't you give my heart away
